

We are among the few in Sri Lanka who use the latest technology in painting which is known as POWDER COATING. This process is environment and user friendly and eliminates health hazards apart from giving money's worth and creating pleasant surrounding. Some more reasons are,

- Knowledgeable sales staff ready to answer all of your questions with quick email response time.
- Wide selection of steel furniture and support products to choose from.
- We stand behind all of our products, satisfaction is guaranteed.
- Chamikara Engineering Services has been selling furniture since 1973 that is for over 3 decades and has a trail of satisfied customers.
- Most importantly, customer service is #1. That's not just something we say. We prove that everyday.
